

Small Animal Medicine Specialist

An opportunity for an experienced and passionate Small Animal Medicine specialist or residency-trained but not yet boarded to join the Veterinary Referral Hospital Team.

- Full time or part time locum opportunity available
- Support for international or interstate migration available
- Be part of a close-knit and collaborative team

VRH is a multi-disciplinary referral hospital and 24/7 Emergency Centre in Melbourne's South-East. We pride ourselves on being a patient-focused practice and delivering treatment that has the patient's best interest in mind. We also believe in a team approach to patient care, recognising that optimum patient care often requires the involvement of more than one specialist.

We currently have 4 board certified medicine specialists and are looking to grow our team. Working with the medicine specialists, are 2 surgeons, 3 neurologists, 2 radiologists, full time specialist anaesthetists and a Specialist Oncologist. We have a rotating and fixed internship program that allows opportunities for teaching and research projects if you desire.

Imaging facilities include fluoroscopy, 16 slice CT and a 1.5T MRI, with dedicated radiographers. We have a full suite of rigid and flexible endoscopes and perform interventional procedures working together with our surgeons and radiologists. Patient care is enhanced by a 24-hour intensive care unit.

An opportunity for an experienced and passionate medicine specialist or residency-trained but not yet boarded, to join the Veterinary Referral Hospital Team on a full-time or part-time fixed-term basis from March 2023 onwards. You will be a highly valued critical member of the specialist team and will provide specialist medicine services and support.

The ideal candidates will have the following skills and attributes:

- Qualifications suitable for general and specialist registration with the Veterinary Practitioners Registration Board of Victoria
- Demonstrated commitment to excellent patient care
- Exceptional organisational and communication skills including reporting
- Flexible, adaptable and positive approach to work

Our staff enjoy:

- Excellent opportunities for continued learning and development in a variety of areas
- Support for professional progression including paid memberships

A salary which recognises experience will be negotiated with the successful candidate, and other benefits include one-week paid study leave. We are happy to consider applicants from overseas who have appropriate qualifications recognised in Australia.
