

## ARH Essendon Fields

### Small Animal Internal Medicine Specialist

***The Animal Referral Hospital in Essendon Fields is seeking a Small Animal Internal Medicine Specialist to join our team!***

ARH has an exciting opportunity for a Small Animal Medicine Specialist to join our multi-disciplinary and emergency hospital. Our hospital is well-equipped to provide exceptional care to our patients, and we pride ourselves on high quality around the clock care by our highly trained team. At Essendon, we offer a healthy work environment with flexible work arrangements, mental health support and networking, collaboration and knowledge exchange throughout the ARH and Greencross group.

Team fit is very important to us, so we are looking for individuals who have excellent communication, organisation and time management skills and have a passion for outcomes, gold-standard patient care and excellent clinical service.

The Animal Referral Hospital is located in Essendon Fields, a vibrant suburb in Melbourne, Australia. With its beautiful parks, cultural attractions, and excellent amenities, Essendon offers a great lifestyle for both individuals and families.

#### **What We Offer:**

- **Collaborative Environment:** Join a team of highly skilled specialists, vets, interns and nursing and support staff who are passionate about providing exceptional veterinary care. Collaborate with specialists in various fields to offer integrated treatment plans and comprehensive patient care.
- **Tools & Toys:** Work in our well-equipped hospital, designed to facilitate advanced diagnostics and treatment. Our commitment to cutting-edge technology ensures you have the tools necessary to deliver the best possible care. Our stack includes, MRI, CT, Ultrasounds, Chemotherapy suite and Endoscopy!
- **Continuing Education:** We believe in investing in our team's growth and development. Enjoy opportunities for ongoing professional development, including access to conferences, workshops, and a supportive network of specialists. Candidates wishing to take on research projects/clinical investigations will be well supported!
- **Work-Life Balance:** At the Animal Referral Hospital, we value work-life balance and understand the importance of personal well-being. Enjoy a flexible schedule that allows you to maintain a fulfilling career while prioritising your personal life.
- **Competitive Remuneration:** We offer a highly competitive salary package commensurate with your experience and expertise. Relocation assistance provided for interstate applicants.
- **Team & Culture:** Join our team and become part of a vibrant culture that inspires growth, collaboration, and excellence. Be supported by the BEST EVER team of interns and nurses and work alongside our other specialist teams; exchanging knowledge and leveraging each other's strengths. Our supportive culture encourages sharing insights, asking questions, and seeking feedback, empowering you to continually learn and grow both personally and professionally.

## About you

As a successful candidate, you will possess the following skills and attributes:

- A veterinary degree registerable in Australia with specialist qualifications (FANZCVS, ACVIM or ECVIM Board-certified)
- We are also keen to hear from Veterinarians who have finished residency programs
- Commitment to gold standard patient care and a “fear-free” approach to patient handling
- A passion for continuing education and staying up to date with the latest advancements in veterinary medicine

If you are an experienced Small Animal Internal Medicine Specialist looking to work in a supportive and innovative environment, we would love to hear from you!
