

Internal Medicine specialist - Reims

The Pommery Veterinary Hospital is looking for two Internal Medicine specialist as soon as possible.

Couples/partners are welcome.

The Pommery Veterinary Hospital is located in France in Reims, the City of Champagne!!

Reims is a thriving and active city of over 170 000 inhabitants, and has a large university with over 30 000 students. We are very well serviced by train to the center of Paris (45min) and to Charles de Gaulle Airport (30min).

The Hospital was renewed in April 2022, the equipment includes an Olympus Endoscopy tower, a 64 slice CT scanner, 4 Philips Ultrasound machines, two DR radiology rooms, an Arcadis C-arm fluoroscopy (vascular), Osirix PACS, and a 1.5T MRI.

Team :

You will work alongside diplomates of the ECVDI, ECVS, ECVN, ECVD, ECAR colleagues and their residents.

The whole team includes 53 veterinarians and 30 nurses.

Profile :

If you have just finished your residency training, we are used to accommodating ample study time for board examination.

You should be able to speak and write in French or be willing to learn within a year :-)

Job Type :

The position can be part time or full time to suit your lifestyle.

You would work 2, 3 or 4-day week with 6 weeks paid annual leave per year and 2 weeks CPD time allowed.

Attractive wages.

Application :
