Junior Assistant Clinician (Internship)

Vacancy Ref: 129530

Salary: Grade 6, sp 25, £32,332 per annum

We are looking to appoint a number of Junior Assistant Clinicians to help deliver our small animal veterinary clinical service under the supervision of experienced and fully qualified staff. You will, on a rotating basis, participate and assist, in Referral Clinical activities such as anaesthesia, emergency medicine, internal medicine, oncology, radiology, neurology, soft tissue surgery and orthopaedics. You will also, on a rotating basis, participate, and have direct case responsibility, in a Primary Care Out of Hours service. In all these activities, you will support student training and receive appropriate training yourself as required.

This 1-year position counts as an Internship for future residency applications and successful candidates will receive a certificate of completion of internship. The posts offer the early-stage clinical experience required as vets prepare for further specialist training, for example through residencies and masters formal training programmes.

We welcome applications from candidates with a degree that is registerable with the Royal College of Veterinary Surgeons and practical clinical experience and training with companion animals (this may include undergraduate courses with a significant practical component and periods of extra-mural studies)

The School of Veterinary Medicine has an excellent international reputation in teaching, clinical services and research and is accredited by the Royal College of Veterinary Surgeons (RCVS), the European Association of Establishments of Veterinary Education (EAEVE) and the American Veterinary Medical Association (AVMA). Our purpose-built hospital is one of the most sophisticated in Europe allowing companion animals from across the United Kingdom to benefit for the most advanced care available 24 hours a day, 7 days a week throughout the year from some of the best specialist vets in the world.

This is a one-year, full time post, starting in March 2024 and September 2024.

We believe that we can only reach our full potential through the talents of all. Equality, diversity and inclusion are at the heart of our values. Applications are particularly welcome from across our communities and in particular people from the Black, Asian and Minority Ethnic (BAME) community, and other protected characteristics who are under-represented within the University. Read more on how the University promotes and embeds all aspects of equality and diversity within our community <https://www.gla.ac.uk/myglasgow/humanresources/equalitydiversity/>

We endorse the principles of Athena Swan <https://www.gla.ac.uk/myglasgow/humanresources/equalitydiversity/athenaswan/> and hold bronze, silver and gold awards across the University.

We are investing in our organisation, and we will invest in you too.
