

Assistant/Associate/Full Professor of Small Animal Internal Medicine

The Mississippi State University College of Veterinary Medicine has an immediate opening for a clinical or tenure track faculty position in Small Animal Internal Medicine at the Assistant Professor, Associate Professor or Full Professor level. Salary and rank is commensurate with qualifications and experience. Benefits package includes paid vacation, retirement, health insurance, and consulting options. Applications will be accepted until the position is filled. Teaching responsibilities involve didactic teaching and clinical training of professional students, interns, residents, and graduate students. Service responsibilities involve clinical case management, rotating emergency duty, and consultation with private practitioners. Clinical duties in the Small Animal Medicine service will be shared with three other faculty members. The service currently has four residents enrolled in an ACVIM-approved three-year combined residency and thesis-driven master's program. For tenure-track faculty members in particular, participation in the college's continuing education and clinical research program is strongly encouraged, as is the development of a specific area of clinical and research focus and expertise. For tenure-track faculty members in particular, external grant acquisition and supervision of postgraduate degree students is encouraged and supported, and initial funding is available to support the development of research initiatives. Diplomate status in the American College of Veterinary Internal Medicine is preferred, but specialists with non-ACVIM specialty credentials, and residency-trained individuals eligible for final certification examination, will also be considered. An advanced degree and experience in clinical research are desirable. Qualified applicants are invited to submit a letter of application, curriculum vitae, and names of 3 references to Dr. Andrew Mackin, Head, Department of Clinical Science, College of Veterinary Medicine, 240 Wise Center Drive, P.O. Box 6100, Mississippi State, MS 39762. Queries regarding the position can be directed to Dr. Mackin, office phone 662-325-6631, cell 662-418-3277, or email mackin@cvm.msstate.edu, or Dr. John Thomason, Service Chief of Small Animal Internal Medicine, office phone 662-325-2412, cell 804-683-6302, or email thomason@cvm.msstate.edu.

The Mississippi State University College of Veterinary Medicine is a long-established and stable veterinary school with a busy and well-equipped veterinary teaching hospital that emphasizes provision of top level clinical teaching and clinical service. The MSU-CVM curriculum is highly innovative in that it provides two years of didactic/laboratory teaching followed by two full years of clinical teaching of veterinary students primarily within the on-site teaching hospital. MSU-CVM takes great pride in producing veterinary students that are extremely "practice ready", with the ability to smoothly transition to either general practice or to specialty training if desired. The Mississippi State University College of Veterinary Medicine has a collegial and friendly atmosphere that emphasizes and prioritizes teaching, service and work-life balance. Mississippi State University is situated in Starkville, a vibrant mid-sized college town known for its rich history, Southern charm, and a thriving arts scene, that offers numerous activities for families with children.

MSU is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, ethnicity, sex (including pregnancy and gender identity), national origin, disability status, age, sexual orientation, genetic information, protected veteran status, or any other characteristic protected by law. We always welcome nominations and applications from women, members of any minority group, and others who share our passion for building a diverse community that reflects the diversity in our student population.
