

## ARH Minchinbury

### Small Animal Medicine Specialist

- **Work with a team of passionate and committed Specialists, Vets and Nurses to serve the increasing needs of the large pet-owning community of Western Sydney and the Lower Blue Mountains**
- **A personalised salary + benefits package**
- **Equity partnership available - share in the growth and success of the business**

The Animal Referral Hospital is excited to open our fifth Referral and Emergency Hospital in New South Wales.

Based in Minchinbury and with our doors opened in October 2023, this multidisciplinary veterinary hospital offers Western Sydney pet owners and their pets access to Emergency and Referral services. Our site offers a full diagnostic imaging suite including High-field MRI, CT, Fluoroscopy, Endoscopy and Ultrasound. A start-of-the-art ICU, three operating theatres and integrated RX works, VetS8 and Smartflow to support patient management. We also have dedicated training facilities including wet lab and education centre.

This is an excellent opportunity to join our inaugural veterinary team!

#### **The Opportunity**

We are driven to develop a strong culture and team who will deliver excellent veterinary care and customer service to the Western Sydney region, where your ideas, suggestions and participation will be valued. As a specialist, you will play a pivotal role in diagnosing and treating complex medical conditions in small animals and ensuring they receive the highest quality of care. You will also have the opportunity to participate in the training and development of veterinary staff, including interns and residents.

#### **About You**

The ideal applicant will be a registered specialist in Small Animal Internal Medicine, Fellow (ANZCVS) or Diplomate (ACVIM, ECVIM). Applicants that have completed their residency training are also encouraged to apply.

Above all, we are looking for someone that is motivated, committed to patient care, and shares a vision for a collaborative working environment, where referring veterinarians and pet owners receive personalized gold standard service. This position requires interaction with a large team of specialists, veterinarians and nurses.

#### **The Benefits**

This position offers an opportunity to work with some of the best clinicians in their field, in a professional and challenging yet enjoyable workplace. You will join a business that is committed to their people and sees diversity and inclusion as more than just policies and practices. In addition to this, we offer:

- A generous and personalised salary package commensurate with experience
- Full-time or part-time permanent roles that provide flexibility to meet personal or family commitments.
- **An opportunity for equity** – share in the growth and success of the business!

- **A 4-day work week** allows you to enjoy a fantastic work-life balance
- **Relocation allowance** for interstate applicants
- **Australian Visa support** and relocation allowance for international applicants
- **Paid study leave** for candidates awaiting to sit board exams
- Continuing Professional Education allowance and opportunities
- 6 weeks paid parental leave and flexible return to work programs
- Free access to confidential Employee Assistance Program Telus 24/7
- Additional benefits include but not limited to, paid parental leave, car leasing programs, and discount health and pet insurance

**Interested in joining the ARH team?**
