

ECVS Teaching Residency In Small Animal Surgery

Vetsuisse Faculty, University of Bern, Switzerland

The Division of Small Animal Surgery, Department of Clinical Veterinary Medicine, Vetsuisse Faculty, University of Bern, Switzerland is opening a position for a 3-years ECVS residency in Small Animal Surgery, starting July 1, 2024.

The successful candidate will work at the Small Animal Hospital of the Vetsuisse Faculty University of Bern under direct supervision of four ECVS Diplomates. Our hospital team is composed of numerous European and American diplomates in most disciplines, among which anaesthesia, internal medicine, radiology, neurology, cardiology, dermatology, clinical pathology, and ophthalmology.

Beside taking primary responsibility for small animal surgery cases, the resident will have at least 3 months off-clinics per year. During that time, he/she will perform rotations in related specialities, plan and carry out a residency research project, participate in international congresses. Five weeks of paid vacations are allocated per year. The resident will be involved in clinical teaching of students and interns and emergency duties.

Requirements:

- Candidates must have completed at least a one-year rotating internship programme.
- Candidates should have at least good knowledge of the **German and French (spoken and written)** and be willing to improve these language skills as needed.

Interested applicants should send a **single PDF File** including:

- *Curriculum vitae*
- Letter of intent
- 2 reference letters
- Internship certificate

Applications should be sent electronically to Franck Forterre (franck.forterre@unibe.ch). The deadline for applications is February 29, 2024. **Interviews will take place in March.**
