

Specialist in Internal Medicine Position

Medi-Vet is currently looking for a board-certified specialist in Internal Medicine

Medi-Vet SA is a referral hospital located in Lausanne, Switzerland. Medi-Vet is a dynamic, modern and well-equipped medical center. Our team is composed of around 60 veterinarians and nurses. We offer a wide variety of specialty areas, including board-certified surgeons as well as a board-certified cardiologist, radiologist, ophthalmologist, dentist, oncologist and anesthesiologist. The location of the clinic is very attractive. Geneva Lake is at a 10 minutes' walking distance and it's surrounded by beautiful mountains.

Our internal medicine team is headed by Dr. Margaux Marclay (Dipl. ACVIM Internal Medicine) and is composed of two other veterinarians both holding a CEAV (médecine interne) and a specialty intern. We currently see a wide variety of cases and since the case load is constantly growing, we are looking to extend our team. We would like to find a dynamic, motivated and good teamwork candidate.

Qualifications

- Certified specialists: ECVIM, ACVIM or board eligible candidates
- Dynamic, friendly attitude, inclusive, empathetic, good communication skills

What we offer

- Well-equipped medical center with endoscopy equipment for digestive/respiratory/urinary examination, ultrasound machines, fluoroscopy, CT scan, digital radiography
- 24h/7 team dedicated to emergencies and hospitalized patients
- A salary commensurate with the importance of this position, regulated working hours, continuous education funds
- Adjustable work schedule (3 to 5 days a week) and working hours
