

Queensland Veterinary Specialists (QVS) is expanding its team for the opening of our new Sunshine Coast Hospital in early 2025. We are on the lookout for passionate and skilled individuals to join us in providing accessible and compassionate veterinary care.

About QVS:

Our vision, is a world where all pets, and those that care for them, receive the support they need to enjoy a fulfilling life.

QVS is Australia's longest established, privately owned 24/7 specialist hospital. Based across two sites currently, Stafford and North Lakes, with Sunshine Coast to open 2025. We are committed to providing compassionate, progressive, evidence-based care that supports the animal-human bond. We are a diverse group of specialists, emergency vets, nurses, technicians and support professionals that are committed to working collaboratively to provide compassionate veterinary expertise 24/7. Current disciplines include internal medicine, surgery, emergency and critical care, diagnostic imaging, theriogenology, dermatology, dentistry, anaesthesia and cardiology with immediate plans to expand our services.

About the Sunshine Coast

Escape to the Sunshine Coast, a South East Queensland paradise just a short distance from Brisbane. Embrace coastal living with pristine beaches, lush hinterlands, and a laid-back lifestyle. Despite its proximity to Australia's third most populous city, the Sunshine Coast maintains a sense of community with short commutes, excellent schools, and spacious house blocks for families. Explore diverse landscapes, from golden sands to rainforests, and enjoy quick getaways to the Great Barrier Reef and islands. The Sunshine Coast isn't just a destination; it's a seamless blend of exploration, play, and family life in the heart of Queensland.

Our Medicine Team

Our team is united in a strong bond of camaraderie, marked by a supportive and welcoming atmosphere. At the core of our practice is a commitment to delivering unparalleled service, driven by our unwavering dedication to matching each case with the expertise of the best veterinarian available.

We handle a diverse and intricate caseload, supported by a loyal clientele who entrust us with their pets' care. Our hospital is equipped with advanced technology including digital radiography, ultrasound machines, a multi-slice CT scanner, endoscopy, and a high-field MRI. This state-of-the-art equipment, combined with the expertise of our seasoned radiologists, ensures comprehensive diagnostics and meticulous case management tailored to the specific needs of every patient.

Collaboration is ingrained in our approach. Our team works closely across all disciplines to ensure a comprehensive understanding of each patient's condition, fostering an environment of shared knowledge and expertise.

Why QVS?

- A values-driven, high-performance culture that results in a collaborative, enjoyable and supportive work environment
- Market leading remuneration packages including equity ownership
- Employee discounts and social events fostering our enjoyable workplace environment and culture

- Generous continuing education allowances investing in your professional development
- Financial assistance with relocation support
- Sponsorship for suitably qualified overseas applicants with a pathway to permanent residency

Requirements of the role:

- Be a Board qualified specialist in Medicine being either a Fellow (ANZCVS) or Diplomate (ACVIM, ECVIM).
- Leadership and Management experience is highly desired
- Foster a growth mindset to effectively disseminate the message about QVS and contribute to the establishment and growth of the hospital

If you have successfully completed an accredited residency training program in small animal medicine and are eligible to take a certification examination, we would be delighted to receive your application.
