

## Internal Medicine Specialist

**Are you interested in a complete change of scene? Have you ever thought of living and working in Australia but want to ensure you can maintain the standard of practice you are used to?**

### The role

In this role, you will practice high quality specialty medicine in a work environment where complex caseload is managed by a genuine multi-disciplinary team.

### Who we are

- Veterinary Specialist Services is an established Small Animal referral practice
- We work across a range of veterinary and non-veterinary specialties including internal medicine, cardiology, dermatology, ophthalmology, surgery, oncology, critical care, dentistry, nursing and support services
- We create environments where people can do their best work
- We employ a team of fun and focussed individuals from diverse backgrounds
- We are involved in the industry with wide participation in professional groups, universities, continuing education courses
- We have team members who are internationally recognised for their skills and experience
- We facilitate our own Annual Conference

### What we offer

- Our hospitals are purpose designed, state of the art facilities with dedicated ICU, CT, MRI, Video Endoscopy, Ultrasound and Fluoroscopy, physiotherapy and underwater treadmill, providing a referral only service whilst working closely with an integrated 24-hour emergency service.
- Very competitive rates of pay
- Bonus structures based on Objectives & Key Results (OKR's)
- Flexible Work Agreements
- A flexible roster in which you can work Monday-Friday, 4 days per week
- 1 week of Paid Conference Leave each year with conference Stipend
- One free ticket to our Annual Conference (March each year)
- Access to in-house and external professional development and mentoring opportunities
- A values-based team culture
- An opportunity to work alongside team members who are internationally recognised for their skills and experience and with others who are highly skilled and experienced in their profession
- Sponsorship dependent upon Department of Home Affairs requirements
- Relocation support

## Internal Medicine Specialist

### Who you are

- Diplomate ACVIM/ECVIM/MmedVet or have completed their residencies or about to complete and eligible to sit for specialist registration in internal medicine
- A person who will be a genuine team player in a large team
- A person who understands our ultimate outcome is develop the best possible care for our patients, their families and our referring vets.
- You can demonstrate relationship-centred approaches to veterinary care, with a commitment to developing genuine partnerships with the entire healthcare team, including the client
- You can demonstrate effective interpersonal and customer care skills
- You are skilled in problem solving and decision making at both the clinical and individual level, at times under pressure and in stressful situations.

**Are you Interested in this amazing opportunity to live and work in Southeast Queensland, Australia?**
