

Internal Medicine Specialist Positions

The Anicura Pommery Veterinary Hospital is looking for an Internal Medicine specialist or a board eligible clinician. Positions are also available in other departments.

The Anicura Pommery Veterinary Hospital (<https://www.chvpommery.fr>) is located in France in Reims, [the City of Champagne!!!](#) Reims is a thriving and active city of over 170 000 inhabitants, and has a large university with over 30 000 students. We are very well serviced by train to the center of Paris (45min) and to Charles de Gaulle Airport (30min).

The Hospital was renewed in April 2022, the equipment includes an Olympus Endoscopy tower, a complete analysis laboratory, a 64 slice CT scanner, a 1.5T MRI, 4 Philips Ultrasound machines, two DR radiology rooms, an Arcadis C-arm fluoroscopy (vascular) and Osirix PACS.

[The position can be part time or full time to suit your lifestyle.](#) You would work 2, 3 or 4-day week with 6 weeks paid annual leave per year and 2 weeks CPD time allowed.

The CHV Pommery is dedicated [to professional development and veterinary community education](#). The clinician may have dedicated time to supervise the medicine team and give expertise to challenging cases.

If you have just finished your residency training, we are used to accommodating ample study time for board examination.

You will work alongside diplomates of the ECVDI, ECVS, ECVN, ECVD, ECAR colleagues and their residents. The whole team includes 53 veterinarians and 35 nurses.

You should be able to speak and write, at least partially, in French or be willing to continue learn with us 😊

For any question or an informal discussion, you can contact Anne-Sophie Bedu, anne-sophie.bedu@anicura.fr
