

Veterinary Internship in Internal Medicine at The Ralph Veterinary Referral Centre in 2025

Passionate about internal medicine?

Ready to take your veterinary surgeon career to the next level in 2025?

Join our dynamic team at The Ralph in southeast England (Marlow), the UK's largest independent multidisciplinary specialist referral centre, where we're offering a unique internship opportunity.

You will join our large team (~260 Ralpers) in a hospital with a busy referral caseload and excellent facilities.

We are looking for a dedicated, enthusiastic veterinary surgeon with a keen interest in veterinary internal medicine to start a one-year speciality internship. The start date is open for discussion, and the internship may be extended by mutual agreement.

The successful candidate will join our thriving Internal Medicine team. The team comprises five ACVIM or ECVIM Board-certified Diplomates, one ECVIM resident and three interns. They work closely with our Senior Internal Medicine Nurse (VTS-holder) and other Internal Medicine nurses.

You will be exposed to a full and varied Internal Medicine caseload at The Ralph. You will have access to various equipment, including all types of endoscopy, fluoroscopy, and CT/MRI scanning. The team ensures opportunities to be fully immersed in all aspects of medical case management, including consultations, diagnostics, hands-on involvement in procedures, and inpatient care. We are an enthusiastic and progressive team that thrives when teaching and evolving our clinical practice. Clinical research is actively encouraged and supported.

During the internship, you will participate in our Acute Medicine service and work in close contact with Diplomates in many disciplines. These include Anaesthesia and Analgesia, Cardiology, Dentistry, Diagnostic Imaging, Emergency and Critical Care (ECC), Neurology and Neurosurgery, Oncology, Ophthalmology, Orthopaedics and Soft Tissue Surgery, and also our excellent Physiotherapy and Rehabilitation team. Our well-established ICU, with its specialist ECC team, provides a diverse and interesting caseload from which we receive regular patient transfers.

You will receive pastoral support from within your service, our Resident and Vet Intern Support Officers, and others. You will have regular check-ins and feedback opportunities.

The Ralph workplace focuses on core values, culture, vision and mission. We emphasise kindness, compassion and empathy for all our communities. As an independent hospital, we have the freedom and flexibility to chart our own course.

Marlow is located on the River Thames between Henley and Windsor in southeast England. This is a beautiful area with lovely walks, water-based activities and more. Our hospital is just off the A404 with easy access from the M4 and M40 motorways and close to London. Marlow is conveniently located only 25 minutes from Heathrow Airport, 45 minutes from Luton Airport and one hour from Gatwick or Stansted Airport.

For more information on the clinical role, please contact Hannah Darcy (Lead of the Internal Medicine Vet Intern programme) at hannah.darcy@theralph.vet.

To Apply

Please email sophie.dowdeswell@theralph.vet (PA to Shailen Jasani; Founder, CEO & Clinical Director) to apply or with any questions. Applications should include an up-to-date CV and a cover letter.

PLEASE NOTE:

- The start date in 2025 is open for discussion. We will be flexible with suitable candidates. Please get in touch with us to find out more.
- You must be an MRCVS; ideally, you will already be eligible to work in the United Kingdom. Visa sponsorship is generally unavailable for these internships but may be on a case-by-case basis. Don't hesitate to get in touch with us to discuss further.
- Internships last twelve months; we may extend them by mutual agreement.

 The formal closing date for applications is Friday, 15th November 2024. However, we will remain open for new applicants after this date until we have filled the position.

If you are ready to enhance your skills and knowledge in internal medicine and want to be part of an independent team delivering exceptional, compassionate, ethical veterinary care, we would love to hear from you!
