

## **Medical Oncology Specialist – SASH, Sydney**

### **About SASH:**

The Small Animal Specialist Hospital (SASH), was established in North Ryde, Sydney in 2007. Since then, we've grown to be Australia's largest privately owned referral and emergency network. That's right, we aren't a corporate business! With 7 Hospitals open across the Adelaide, Queensland and New South Wales regions, our teams work together to provide care to more than 50,000 patients each year. Our core purpose is to help pets and their families live their best life.

With the largest hospital in the Southern Hemisphere, SASH North Ryde in our network, we offer a wide range of specialist services. A few of these include Anaesthesia, Avian & Exotics, Cardiology, Dermatology, Internal Medicine, Neurology and Neurosurgery, Medical and Radiation Oncology, Ophthalmology, Pathology, Diagnostic Imaging, Reproductive Medicine, Sports Medicine & Rehabilitation, Surgery and a 24-hour Emergency and Critical Care department. To find out more about our team, network or facilities, please visit:

### **Our Oncology Position:**

We are in a privileged position to be on the hunt for 2 additional Medical Oncologists to join our growing team. You will be supporting our highly committed clientele using empathy, compassion and best practice to deliver gold standard care. You will be supported by a team of Medical Oncologists, a Radiation Oncologist, Interns and highly skilled nursing and client services teams.

The position is a full time, permanent role across a 4-day week based in our North Ryde team, with occasional support required on an as needs basis, to our other Sydney based hospitals. We would also consider a part time opportunity for the right person. Relocating to Australia and not sure about a long term move, we are open to considering 6-12 month contracts as well!

### **About you:**

We are looking for great people to join our team, who are interested in furthering their skills and career, being prepared to go the extra mile for their colleagues and their patients. To be considered for this position, you will:

- Value a hospital culture of inclusivity, empathy and teamwork.
- Be eligible to register as a veterinarian in Australia
- Be qualified as a specialist in Medical Oncology Fellow (ANZCVS) or Diplomate (ACVIM, ECVIM)
- Candidates who have completed an approved training program, but are yet to finalise exams, are also strongly encouraged to apply! Our Oncology team would love to help you prepare in the lead up to your exams!

**The SASH experience:**

You will be joining a fast-paced environment, working with people and a team committed to helping pets and their families live their best life. A few of the perks include:

- Working in a veterinarian owned organization, shoulder to shoulder with the founding partners, who understand the priorities and purpose of specialty and emergency medicine
- SASH is well placed to provide VISA and travel support to the right candidate, making the relocation process a breeze. If you are thinking of making the move to Australia, we are here to help!
- Contribute to defining excellence in animal healthcare
- Be part of an organisation committed to its people and culture
- Work in a state-of-the-art purpose-built veterinary facility
- Competitive salary with a continuing education allowance
- Join a family friendly workplace committed to gender equality and paid support for new parents. We offer paid parental leave equally to women and men and we also support IUI / IVF treatments with paid leave.
- Supportive team of SASH specialists, nurses and support staff
- A great learning environment in a team that loves to share knowledge and experience.

If you are interested in joining a supportive team, with excellent facilities and challenging and rewarding cases, we would love to hear from you! Please send your CV and cover letter to our Talent team via the link:
