Veterinary Internship

The Opportunity

Are you looking to take the next step in your career?

Whether you're looking to start on your journey to becoming a specialist or develop your knowledge and skills in general practice then this could be the role for you!

We are seeking 3 Veterinary Surgeon Interns to join our Godstone's Referral practice on a 12-month fixed term contract.

This is an amazing opportunity and the first for us, to work alongside Medivet Godstone Referrals' specialist and advanced practitioner veterinary surgeons to gain experience in veterinary referral services whilst supporting the clinical team with day to day running of the referral centre.

We deeply value the contributions of every team member and are committed to maintaining a healthy work-life balance. Our goal is to foster a supportive environment where professional growth and personal well-being go hand in hand

With a focus on internal medicine, you will also have an opportunity to develop your skills in many other disciplines such as, ophthalmology, soft tissue & orthopaedic surgery, dermatology and cardiology.

The team provides veterinary surgeons, their clients and patients with state of the art medical, ophthalmic, surgical, cardiorespiratory and diagnostic imaging assistance including X-ray, ultrasound, endoscopy, computed tomography (CT) examinations and interpretation. In addition, our radioactive iodine unit provides this therapy for hyperthyroid cats.

Selection days for these roles will be held on the **25th and 26th of February** at Medivet Godstone Referrals in Surrey.

The logo features a red stylized 'M' at the top, followed by the word 'MEDIVET' in blue uppercase letters, and 'GODSTONE REFERRALS' in red uppercase letters below it.

MEDIVET GODSTONE REFERRALS

Role Accountabilities

Exceptional care is at the heart of everything we do at Medivet. That's the care for our patients, our clients and for each other – we really want to make a positive difference through every interaction we have.

In this role you will:

- Carry out history taking, performing specific clinical examinations, undertaking investigations, performing anaesthesia techniques, and assisting in the treatment of inpatients
- Accountable for patient care and monitoring.
- Responsible for admissions and discharges for procedures
- Ensure patient records are accurate and up to date.

MEDIVET
GODSTONE REFERRALS

- Complete a clinical handover and make arrangements for the transfer of any patient requiring OOH or enhanced care.
- Responsible for prescribing medication and carrying out dispensing checks.
- Providing, as part of a fairly shared rota, overnight and weekend care to our inpatients and attending to their needs as they require such as clinical monitoring, administering medications, attending to their general husbandry, and alerting the on-call referral veterinary surgeon if any adverse changes to the patients' condition occurs
- Participation in clinical rounds, journal club, case discussions and other activities to further the team's knowledge and patient care.

Your Skills and Experience

- RCVS registered Veterinary Surgeon
- Minimum of 12 months experience working as a Small Animal Vet
- Completed RCVS VetGDP
- Experienced in delivering exceptional care to both patients and clients.
- Experienced in working effectively as part of a team.
- Excellent communication skills in English – written and verbal
