

Diplomate ECVIM / ACVIM (m/f/d)

FRONTIER KLEINTIERSPEZIALISTEN is a modern referral-only centre for dogs and cats located in the eastern part of Munich. In close collaboration with primary care veterinarians, we provide the highest level of medical care for our patients. Our clinic is equipped with state-of-the-art technology (e.g., small and large bronchoscope, small and large gastroscope, rhinoscope, cystoscope, videotoscope, CT, MRI, ultrasound, and more), and thanks to continuous education and research, we stay at the forefront of veterinary medicine. Our team consists of internationally recognized specialists, highly trained veterinary technicians, and an organized administrative staff. We take pride in our collegial and empathetic work environment. Love for animals, teamwork, mutual respect, professional development, and a healthy work-life balance are our core values!

Your Profile

Are you a Diplomate or have completed your residency (ECVIM, ACVIM, or an equivalent qualification) and are interested in further expanding an Internal Medicine service alongside another ECVIM Diplomate? If so, we are looking for a team member to strengthen our practice.

Your Responsibilities

- Expansion of the Internal Medicine service within our referral centre
- Diagnosis and treatment of Internal Medicine cases
- Close collaboration with other specialist disciplines
- Development of a residency program

Your Qualifications

- Completed Internal Medicine residency (ECVIM or ACVIM)
- German Approbation
- Interest in continuous professional growth
- Passion for research and ongoing education
- Strong team and communication skills
- Patient- and client-oriented mindset

What We Offer

Beyond the opportunity to actively shape and develop a new veterinary referral centre, we offer a young, dynamic, and motivated team that works together with enthusiasm and enjoys their profession. Our clinic provides a friendly work environment, strong teamwork, interdisciplinary case discussions, structured workdays without routine on-call or shift duties, a competitive salary package, a continuing education package, and the chance to contribute to the expansion of the referral centre. We also support research and teaching (internships, residencies) and encourage your professional development.

Additional benefits include a bright workplace with state-of-the-art equipment, a relaxed and informal work atmosphere, designated employee parking, and a staff dog room.
