

## **Assistant Professor of Small Animal Internal Medicine Spring 2025**

**College of Veterinary Medicine  
North Carolina State University  
Raleigh, NC**

North Carolina State University invites applications for the position of Assistant Professor of Small Animal Internal Medicine in the College of Veterinary Medicine.

### **About the Position**

We are seeking an energetic, enthusiastic, team oriented Small Animal Internal Medicine (SAIM) Specialist that is dedicated to advancing SAIM through research, teaching and service.

The mission of the Small Animal Internal Medicine Service is to be a leader in advancing academic small animal medicine, addressing the needs of students, house officers, clients, and referring veterinarians. Our faculty will prioritize fostering the mastery of clinical problem-solving skills in students and house officers. Additionally, our faculty will lead in training the next generation of clinician-scientists, with a focus on developing and recognizing subspecialties

while modeling the integration of internal medicine, nephrology/urology, critical care, and emergency medicine. Furthermore, our faculty will generate and disseminate novel, clinically relevant knowledge and establish programs of comparative medical excellence, consistent with the goals of One Health.

Our team currently includes 10 SAIM Diplomates, 11 residents, 2 SAIM focused rotating interns, 13 rotating interns, 7 technicians, 1 client liaison, 1 embedded pharmacist, 2 social workers and 3 client services representatives. Our teaching hospital includes Emergency and Critical Care, Surgery, Neurology, Cardiology, Oncology, Nutrition, Dermatology, Ophthalmology, Pharmacy, Anesthesia, Radiology, Radiation Oncology, Dentistry, Behavior, Zoo and Exotics, Anatomic Pathology and Clinical Pathology services.

### **Minimum Education and Requirements**

- DVM (or equivalent degree) and ACVIM or ECVIM residency training
- Board certification or accepted credentials for board certification in the American College of Veterinary Internal Medicine – Small Animal Internal Medicine (ACVIM-SAIM) or European College of Veterinary Internal Medicine (ECVIM) required by start date.
- Strong communication and leadership skills to collaborate with students, faculty, and staff.
- Strong time management and multitasking skills to balance clinical, teaching, and research responsibilities.
