

**Specialist Clinician: Small Animal Internal Medicine  
3-year Fixed Term Position  
University College Dublin, Ireland**

University College Dublin Veterinary Hospital (UCDVH) is a leading multi-disciplinary, specialist, veterinary referral and teaching hospital located in the thriving city of Dublin in the east of Ireland. Small animal services include internal medicine (emergency and routine), critical care, dermatology, diagnostic imaging, oncology, anaesthesia and surgery (orthopaedics, neurosurgery, soft tissue surgery, minimally invasive techniques), as well as in-house rehabilitation and physiotherapy. We are seeking a highly motivated, proactive individual, board-certified or board-eligible in Small Animal Internal Medicine (ECVIM-CA or ACVIM), who is passionate about delivering clinical and teaching excellence in small animal internal medicine, is an excellent “team player” and has a strong interest in undergraduate and postgraduate teaching. This is an exciting opportunity to join a progressive, and growing team of highly trained specialists, residents, interns, veterinary nurses and support staff in our fully equipped hospital.

Our hospital is facilitated with digital radiography, 32 slice Siemens CT and a brand-new state of the art 1.5T MRI, fluoroscopy, laparoscopic and arthroscopic imaging systems, interventional radiology, commercial laboratory, and a radioactive iodine suite. Our very large clinical caseload provides opportunity for ongoing clinical research that is actively encouraged. The successful applicant will work alongside a full complement of specialists and residents in training in various small animal disciplines (four ECVS, six ECVIM-CA, five ECVDI, four ECVA and two ECVECC Diplomates, and one Specialist in Veterinary Oncology).

This temporary clinical post has 80% clinical service and clinical teaching activity and 20% off clinic time. It offers a fantastic opportunity to improve clinical experience whilst offering prospects in developing teaching and clinical research skills. This position is particularly suitable for a qualified Diplomate although those who are due to sit certifying examinations in the immediate future will also be considered. Guidance and facilitation of study time for board examinations will be accommodated if applicable.
