

Cardiology Specialist – SASH North Ryde

At SASH (Small Animal Specialist Hospital), we believe the highest standards in veterinary care are achieved when clinical expertise is delivered by compassionate, motivated people in a caring and supportive environment. Inspired by the special bond between animals and people, we constantly strive to help pets and their families live their best lives.

- Be part of the largest team of Specialists in Australia.
- Work at the largest, newly refurbished hospital in the southern hemisphere
- Owned by vets, run by vets, loved by vets.

The Small Animal Specialist Hospital (SASH) now has 8 hospitals across Australia and is the largest privately owned network of Specialist hospitals in the country. Offering a truly collaborative environment, you will work in the most comprehensive referral clinic in the country, whilst having the opportunity to draw on the knowledge and experience from amongst the extensive network of SASH specialists, assisting you to achieve the best results for your patients. The hospital boasts in-house laboratory facilities, pathology, a 128 slice CT, endoscopy, laparoscopy, digital radiography, fluoroscopy, 1.5T MRI, ultrasound, dialysis, a linear accelerator with stereotactic capability and ultrasound dedicated for locoregional techniques. Our service is a leading provider of congenital interventions in Australia with 50+ interventions in 2025 with regular performance of balloon pulmonary valvuloplasty, patent ductus arteriosus occlusion and pacemaker implantation (epicardial and transvenous). Non-cardiac interventions including IHPSS percutaneous transcatheter coil embolization and intravascular neoplasia biopsy have also been performed on service.

Our Cardio suite includes:

- Philips ultrasound Epiq series CVX 3D nSight plus
- Vivid IQ standard portable
- Philips transesophageal probes adult and pediatric (X8-2t, S7-3t)
- LifePak 15
- 2 x Vet BP doppler units

Just a few of the specialist teams you will work collaboratively with on-site include; surgery, medical and radiation oncology, internal medicine, ophthalmology, neurology, dermatology, diagnostic imaging, avian and exotics, emergency and critical care and sports medicine and rehabilitation

The Cardiology Specialist Position:

We are currently looking for 2 enthusiastic and dedicated Cardiology Specialists to join dr Arianne Fabella (ACVIM) and Dr Phil Brain (FANZCVS) in our now establish and busy cardiology

department. You will be further supported by our Cardiology specific Intern(s), Rotating Interns, dedicated cardiology nurses and fabulous supporting team members across the clinic. We have recently invested in major upgrades across the hospital with brand new dedicated specialist units including interventional radiology, full service in-house lab, Ultrasound, CT scanner, high- field MRI, digital radiography, Linear accelerator, laparoscopy, endoscopy, and much more.

To be considered for this position, you will:

- Value a hospital culture of inclusivity, empathy and teamwork.
- Be eligible to register as a veterinarian in Australia (NSW) and be qualified as a specialist in Cardiologist being a Fellow (ANZCVS) or Diplomate (ACVIM, ECVIM)
- Candidates who have complete an approved training program but are yet to finalise exams are also strongly encouraged to apply! Our Cardiology team would love to help you prepare in the lead up to your exams!

What's in it for you?

Being 1 of only 3 service offering in the country, you will work with a highly committed clientele and team. Just a few of the perks included in this opportunity include:

- Salary starting from \$200,000, (depending on experience) + Super + bonuses. Bonuses are not based on a commission structure, encouraging case collaboration across our entire team
- Significant contribution towards relocation and travel expenses including covering the entire cost of your Visa, including assiting your Furry Family members with relocating.
- Generous continuing education allowance
- Excellent work-life balance
- Working in a veterinarian owned organization with leaders who understand the priorities and purpose of specialty and emergency medicine
- Collaborating with a like-minded and dedicated group of SASH specialists, residents, nurses and support team members
- Employee discounts and social events

For a confidential conversation, please reach out to Dr Arianne Fabella at Arianne.Fabella@sashvets.com or Jessica O'Connor (Talent Partner) at joconnor@sashvets.com
