

Australia Awaits: Internal Medicine, Cardiology, and Oncology Specialist Opportunities with SASH

Join Australia's Leading Specialist and Emergency Veterinary Network

Ready for a new challenge, a new lifestyle, or a new adventure?

The Small Animal Specialist Hospital (SASH) is continuing to grow across Australia, and we're looking for exceptional board-certified specialists and residency-trained clinicians to join our expanding teams in Internal Medicine, Cardiology, and Oncology.

Whether you're seeking an established referral caseload, a relaxed coastal lifestyle, or the opportunity to help shape a growing service, SASH offers exceptional career opportunities backed by a collaborative network of specialists and world-class facilities.

For international candidates, we provide comprehensive relocation and visa support to help make your move to Australia as seamless as possible.

Why SASH?

At SASH, our mission is to provide the highest standards of veterinary care, delivered with compassion, innovation, and teamwork.

Joining SASH means becoming part of a nationally connected network of specialists who are passionate about advancing patient care and supporting one another's success.

We offer:

- Collaborative multidisciplinary specialist teams
- Strong referral networks and established caseloads
- State-of-the-art hospitals with advanced diagnostic and treatment capabilities
- Opportunities for leadership, mentoring, and professional growth
- Generous continuing education support
- Competitive remuneration and benefits
- Flexible work arrangements where possible
- A culture built around excellence, collaboration, and patient-centred care

Relocate to Australia with Confidence

We have extensive experience helping specialists relocate from around the world and proudly support international candidates.

Our support includes:

- Visa sponsorship and immigration assistance
- Relocation support
- Veterinary registration guidance
- Assistance for partners and families relocating to Australia
- Access to a large network of specialists and referral clinicians nationwide

Whether you're board-certified, board-eligible, or approaching completion of your residency training, we'd love to hear from you.

Why Australia?

Imagine building your specialist career while enjoying world-class beaches, vibrant cities, stunning coastal communities, and an exceptional quality of life.

From the energy of Sydney and the Sunshine Coast's relaxed lifestyle to the exciting growth of Perth's specialist veterinary community, SASH offers opportunities to find the location and career path that suits you best.

Attending ECVIM Congress 2026?

Meet the SASH team at ECVIM.

If you're attending the congress, we'd love to connect and discuss specialist opportunities across the SASH network. Whether you're actively exploring a move or simply curious about living and working in Australia, our team would be delighted to have a confidential conversation.
