

Veterinary Internship in Internal Medicine at The Ralph Veterinary Referral Centre in 2027

Passionate about internal medicine?

Ready to take your veterinary surgeon career to the next level in 2027?

Join our dynamic team at The Ralph in southeast England (Marlow), the UK's largest independent multidisciplinary specialist referral centre, where we're offering a unique internship opportunity.

You will join our large team (~260 Ralpers) in a hospital with a busy referral caseload and excellent facilities.

We are looking for a dedicated, enthusiastic veterinary surgeon with a keen interest in veterinary internal medicine to start a one-year speciality internship. The start date is in early 2027, but is open for discussion for the right candidate. The internship may be extended by mutual agreement.

The successful candidate will join our thriving Internal Medicine team. The team comprises five ECVIM or ACVIM Board-certified Diplomates, one residency-trained clinician, two ECVIM residents and three Medicine interns. They work closely with our Internal Medicine nurses.

You will be exposed to a full and varied Internal Medicine caseload at The Ralph. You will have access to various equipment, including all types of endoscopy, fluoroscopy, and CT/MRI scanning. The team ensures opportunities to be fully immersed in all aspects of medical case management, including consultations, diagnostics, hands-on involvement in procedures, and inpatient care. We are an enthusiastic and progressive team that thrives when teaching and evolving our clinical practice. Clinical research is actively encouraged and supported.

During the internship, you will participate in our Acute Medicine service and work in close contact with Diplomates in many disciplines. These include Anaesthesia and Analgesia, Cardiology, Dentistry, Diagnostic Imaging, Emergency and Critical Care (ECC), Neurology and Neurosurgery, Oncology, Ophthalmology, Orthopaedics and Soft Tissue Surgery, and also our excellent Physiotherapy and Rehabilitation team. Our well-established ICU, with its specialist ECC team, provides a diverse and interesting caseload from which we receive regular patient transfers.

You will receive pastoral support from within your service, our Resident and Vet Intern Support Officers, and others. You will have regular check-ins and feedback opportunities.

The Ralph workplace focuses on core values, culture, vision and mission. We emphasise kindness, compassion and empathy for all our communities. As an independent hospital, we have the freedom and flexibility to chart our own course.

Marlow is located on the River Thames between Henley and Windsor in southeast England. This is a beautiful area with lovely walks, water-based activities and more. Our hospital is just off the A404 with easy access from the M4 and M40 motorways and close to London. Marlow is conveniently located only 25 minutes from Heathrow Airport, 45 minutes from Luton Airport and one hour from Gatwick or Stansted Airport.

For more information on the clinical role, please contact Annelies Willems (Head of Internal Medicine) at annelies.willems@theralph.vet.

To Apply

Please email sophie.dowdeswell@theralph.vet (PA to Shailen Jasani; Founder, CEO & Clinical Director) to apply or with any questions. Applications should include an up-to-date CV and a cover letter.

Requirements:

- You must be an MRCVS and already eligible to work in the United Kingdom. Unfortunately, we are unable to offer visa sponsorship at this time.
- English speaker (native, bilingual, professional)

Benefits:

- Salary: £33,590
- Others: Generous CPD allowance, support for Certificates and more.

The formal closing date for applications is Friday, 6th November 2026. We will remain open to new applicants after this date until the vacancy is filled.
