SEVETYS

With a strong presence across France and already trusted by **nearly 250 clinics**, **Sevetys** brings together **more than 2,000 passionate and highly skilled professionals** across its network.

We already operate **15 referral clinics** across mainland France and **Réunion Island**, and we are now expanding our referral network, with **15 new referral hospital projects** planned over the next four years, offering **24/7 care**.

Join us in **building a dedicated 24/7 veterinary referral hospital, exclusively focused on referral cases**, and play a key role in its development. You will help provide advanced care for complex cases referred by **around 100 veterinary practices in the surrounding area**.

New sites opening in 2027:

- Quimper (29, France)
- Saint-Brieuc (22, France)
- La Roche-sur-Yon (85, France)
- Saint-Nazaire (44, France)

▶️ We are looking for **board-certified or residency-trained specialists in Veterinary Internal Medicine** to join our new teams in Lyon, Quimper, Saint-Brieuc, La Roche-sur-Yon or Saint-Nazaire.

We are ideally looking for candidates who would like to work **four days a week**, although alternative working patterns can be considered. The positions will be available **from April 2027**.

You'll have the opportunity to get involved from the very beginning, helping to shape key decisions around clinic organisation, equipment and team dynamics, while creating a working environment that reflects your vision.

Depending on your aspirations, the role could evolve to include **leadership responsibilities**, ranging from **Clinical Director opportunities to partnership**, giving you a meaningful role in the success and long-term development of the project.

You will work alongside a highly experienced multidisciplinary team, including residency-trained veterinarians and specialists in **Diagnostic Imaging, Cardiology, Neurology, Oncology, Ophthalmology, Soft Tissue Surgery, Orthopaedics etc…**

Our hospitals will offer **900 to 1,200 m^2 of brand-new, purpose-designed clinical facilities**, equipped with **advanced diagnostic and therapeutic technologies**, including **CT, ultrasound, digital radiography and endoscopy**.

Initial team (excluding night, Sunday and public holiday shifts): around **10 veterinarians**, comprising **2 specialists, 4 referral clinicians and 4 general practice veterinarians**, supported by around **10 veterinary nurses/technicians**.

About You

We are looking for a veterinarian who:

- Is **residency-trained or a Diplomate in Veterinary Internal Medicine** (ECVIM or ACVIM)
- Is **eligible to practise in France**
- Has **excellent communication skills in French**
- Enjoys managing a broad range of **acute and chronic medical cases**
- Is excited to **help build and grow a new team**
- Is committed to **high clinical standards**, while taking into account each patient's individual needs and the client's circumstances

For an informal conversation about the role please contact : mario.cervone@sevetys.fr or recrutement@sevetys.fr
