Join Our Team at Veterinary Specialty Hospital (VSH) Hong Kong!

Job Title: Board-Certified Veterinary Cardiology Specialist

Location: Hong Kong

Veterinary Specialty Hospital (VSH) Hong Kong is actively seeking a **Board-Certified Cardiology Specialist** to join our team.

We're looking for collaborative, compassionate professionals who are committed to building an exceptional team culture rooted in mutual respect, shared decision-making, and a positive working environment. Our specialists work closely with referring veterinarians and are dedicated to delivering outstanding patient care and client service.

About Our Hospital

Founded in 2014, **Veterinary Specialty Hospital Hong Kong** (https://www.vsh.com.hk/) was one of the first specialty referral and emergency practices in Hong Kong — home to over 500,000 pets. Located in Kowloon, the heart of

Hong Kong. We currently offer the following specialty services, alongside with our 24/7 emergency & critical care services:

- Surgery
- Internal Medicine
- Ophthalmology
- Oncology
- Neurology
- Diagnostic Imaging
- Anesthesia and Analgesia
- Dermatology
- Dentistry
- Emergency & Critical Care

We are also proud to operate **VSRx**, Hong Kong's first and only compounding pharmacy that specializes in veterinary medications.

In April 2020, VSH joined **Mars Veterinary Health**, a global network of over 3,000 hospitals and diagnostic labs across 20+ countries. As part of this community, we remain committed to advancing veterinary medicine in Hong Kong and throughout Asia through multidisciplinary collaboration and clinical excellence.

Advanced Equipment & Technology

Our hospital is equipped with state-of-the-art equipment, including:

- Digital Radiography (X-ray)
- Cageside Ultrasound for AFAST/TFAST
- Endoscopy
- Echocardiography
- Ultrasound
- Fluoroscopy

- 16-slice CT Scanner
- 1.5 Tesla MRI

Why Hong Kong?

Hong Kong, also known as Asia's World City, is a vibrant and culturally rich modern metropolis where English is an official language along with Chinese. Despite having an iconic skyscraper-filled skyline, only 25% of Hong Kong land is developed, making Hong Kong lush with country parks, nature reserves, easy to access beaches and islands. As a major transport hub, Hong Kong is also a gateway with direct flights to key destinations across Southeast Asia and beyond.
